OFFICIAL PAPERS.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Food Situation for the week ending 24th July 1920.

Brief abstract of the special reports regarding the food situation for the week ending 24th July 1920.

Bangalore City.—During the week under report, 98 carts of ragi and 21 carts of paddy came into the bazaar as against 140 carts of ragi and 15 carts of paddy in the previous week.

The price of ragi ranged from Rs. 85 to Rs. 89 per cart during the week against Rs. 86 to Rs. 94 per cart in the previous week.

There is sufficient stock of rice and ragi in the bazaar for consumers.

The Municipal Depot and the three Test Depots are selling Rangoon rice to the poor. The importers are also selling rice to the public at their depots. The transactions in these depots are being watched by the Inspecting Staff.

Mysore City.—No change.

Bangalore District.—The weather was cloudy and slightly drizzling, but there has hardly been any rain.

Good rain is urgently wanted for the completion of the ploughing and sowing operations

The standing crops are reported to be in good condition except under the Doddakere tank in the Hoskote Taluk, where the paddy crop is suffering for want of water in the tank.

Markets are fairly well supplied, but the prices of ragi and rice remain stationary. The price of ragi ranged from 6½ to 8 seers and local rice from 3¼ to 4¼ seers a rupee.

Burma rice is available in Government Depots and Co-operative Societies at 4½ to 4¾ seers a rupee.

Mysore District.—There has been no change in the food situation. The Amildars of Seringapatam, French Rocks, Malvalli, Chamrajnagar and Nagamangala report that rain is wanted for the jolam and ragi crops. The markets are fairly well supplied while prices continue to be high as before.

Tumkur District.—There was no rain in any of the taluks of this district, during the week except 24 cents and 20 cents in Tumkur and Koratagere respectively. The prices of ragi and paddy are the same as in the past week, *viz.*, Rs. 84 and Rs. 70 respectively per cart-load. There is not much demand for Burma rice.

Kolar District.—A heavy shower of rain is urgently required, want of which is impeding sowing operations in several parts of the district. Local rice continues to be sold at 4 to 4¼ seers and ragi at 7 to 7½ seers per rupee. Markets are fairly well supplied. The days are cloudy and the weather is chill.

Hassan District.—There was a fairly good fall of rain during the week in the district except in the Taluks of Arsikere, Hole-Narsipur and Channarayapatna which had only 5, 40 and 38 cents respectively.

The markets were fairly well supplied with food grains. Standing crops such as Paddy *Kar* paddy, sugar-cane and *Gidda* ragi are generally in a good condition. *Dodda ragi* is being sown in the Hassan, Channarayapatna and Arsikere Taluks. Transplanting of Dodda ragi is also in progress in the Hassan Taluk. Mungar crops are reported to be suffering for want of rain in the Arsikere Taluk. It is reported that owing to the continuous drizzling, the standing crops in parts of Hole-Narsipur and Arkalgud Taluks have suffered to some extent.

Prices are still high.

Tanks have not received any appreciable supply of water.

The prospects of the season are generally good for the present. Rain is urgently wanted in the Arsikere, Channarayapatna and Hole-Narsipur Taluks.

Shimoga District.—There has been no change in the food situation in the district.

Rain has been very scanty in the major portion of the Honnali Taluk and the standing crops want soaking rain urgently.

Prices continue to be high.

Kadur District.—Food stuffs were sufficient to meet the local demands in all the markets. There is no appreciable change noticed in their prices.

There were good showers of rain in all the taluks except in the Kadur Taluk where it is reported to be wanting.

Chitaldrug District.—Except intermittent drizzling there was not any appreciable rainfall during the week.

The Taluks of Hiriyur, Challakere, Molakalmuru and a greater portion of the Chitaldrug Taluk have suffered badly and no sowing has been done in them.

The prices of food grains remain unchanged.

General (by Food Controller).—The districts of Shimoga and Kadur (except Honnali and Kadur Taluks) are reported to have had good rains. In all the other districts the rainfall has been very inadequate and sowing has been considerably retarded.

The markets are reported to have been fairly well supplied with food grains and no change in the prices is noticed. In the Bangalore City the price of ragi has shown a very slight decrease.

The sale of Burma rice in the Bangalore and Mysore Cities through Municipal Depots and to Co-operative Societies and the public generally from the Provincial Grain Depot, Bangalore, is being continued.

Chief Secretary to Government.

Reorganisation of the Cadre of Lady Medical Officers.

READ—

Government Order No. G. 679-80—Med. 69-16-4, dated the 13th July 1918, sanctioning the reorganisation of the Medical Department.

2. Government Order No. G. 11538-9—Med. 29-18-2, dated 14th December 1918, sanctioning the allocation of the officers of the Medical Department in the new grades.

3. Government Order No. (Camp) 215-6, dated 4th October 1919, directing that the vacancy caused by the death of Miss Ayachammal be kept open.

4. Correspondence ending with letter No. C. 147-2 dated 4—7th October 1919, from the Senior Surgeon, submitting proposals for forming a separate cadre for Lady Medical Officers in the State, together with a statement of Lady Doctors and Lady Medical Officers that would be required during the next five years.

ORDER No. G. 1964-76—MED. 52-19-3 DATED THE 27TH JULY 1920.

In their Order of the 13th July 1918, Government sanctioned a revision of the several grades of officers of the State Medical Department. In it, Sex Allowances of Rs. 50 for each Lady Surgeon, of Rs. 30 for each Lady Assistant Surgeon or Apothecary and of Rs. 15 for each Lady Sub-Assistant Surgeon were sanctioned in addition to the grade pay. But the charges reserved for Lady Medical Officers were not listed and the proportion of officers of the two sexes in the cadres at any time was left to be decided by circumstances from time to time.

2. Recent experience has shown that, while it is necessary to recruit an increasing number of Lady Graduates in Medicine, it is difficult to secure their services, except on rates of salary higher than those that can be offered to Male Graduates of similar qualifications. In consequence, Lady Graduates have to be appointed on intermediate rates of pay in the several grades and this has operated as a hardship on Male Medical Officers already in the service. On the other hand, the inclusion of Medical Officers of both sexes in one and the same cadre has rendered it difficult to post an available junior Lady Medical Officer to a senior charge which is necessarily one for a Lady Doctor without creating some ground of grievance for Male Medical Officers who are seniors. With a view to avoid these inconveniences and remedy the hardships resulting to both branches of service from a combined cadre, Government resolve to form a separate cadre for Lady Doctors.

3. While thus separating the cadres, it is found that at present there will be only two Lady Surgeons and that the regulation of promotion according to vacancies from class to class adopted in the Government Order of July 1918, will cause undue hardship. A time scale is therefore better suited to the needs of the case. Government consider also that the pay and prospects of Lady Sub-Assistant Surgeons should be improved. The minimum pay of this class of officers will accordingly be raised to Rs. 50 and their increments made triennial instead of quinquennial. Two prize appointments on Rs. 100 will also be provided for them. In view of the increased pay and prospects, the Sex Allowance in their case will be fixed at Rs. 10 per mensem.

The cadre of Lady Medical Officers will accordingly be as follows:—

Surgeons	Two on Rs. 400-$\frac{50}{3}$-600	plus 50 Sex Allowance.
Assistant Surgeons, 1st Grade,	3 on Rs. 200-20-360	plus Rs. 30 Sex Allowance.
do 2nd Grade,	2 on Rs. 120-10-200	plus Rs. 30 Sex Allowance.
Apothecaries.	10 on Rs. 75-5-200	plus Rs. 30 Sex Allowance.
Sub-Assistant Surgeons.	5 on grades as follows:—	

1 to 3 years' service.	Rs. 50	With a Sex Allowance of Rs. 10 each.
4 to 6 " "	" 55	
7 to 9 " "	" 60	
10 to 12 " "	" 65	
13 to 15 " "	" 70	
16 to 18 " "	" 75	
19 to 21 " "	" 80	
22 to 24 " "	" 90	
Two prize appointments on Rs. 100		

Miss Govindarajulu is permitted to retain her present scale of pay as personal to her.

5. This cadre takes into account only officers already in service and will be added to or varied from time to time according as existing institutions are developed or new ones are opened, and according as the Lady Apothecaries now in service retire and are replaced by Lady Assistant or Sub-Assistant Surgeons.

The number of Assistant Surgeons, 1st and 2nd grade will be subject to variation light of orders regarding the promotion of certain officers which is separately under consideration.

6. The strength in the grades of Assistant Surgeons and Sub-Assistant Surgeons sanctioned in Government Order No. G. 679-80—Med. 69-16-4, dated 13th July 1918, will be reduced by the number of Lady Officers in each grade and class now separated and included in the cadre of Lady Medical Officers, while the strength in the grade of Surgeons sanction in the said order will be reduced by a place on Rs. 500 and another on Rs. 450.

7. The Senior Surgeon is requested to submit proposals for re-allocating the existing officers in the several new grades now sanctioned.

Correspondence ending with letter No. 182, dated 4—5th February 1920, from the Secretary to the Board for the Management of the Mysore Local Service and Pleaders' Examinations, on the subject of holding the Local Service and Pleaders' Examinations twice a year.

ORDER No. G. 2297-353—CTS. 87-19-4, DATED 30TH JULY 1920.

The question of holding the Local Service and Pleaders' Examinations twice a year with a view to afford greater facilities to candidates intending to get themselves enrolled as Second Grade Pleaders within the extended period of three years allowed in Government Order No. G. 5860-1—Cts. 262-18-3, dated 5th September 1919, having been pressed for consideration both in the Representative Assembly and the Legislative Council, the proposal was referred for opinion to the Board of Management of the said examinations. The Board are unanimously in favour of holding a second examination both for the Pleaders and the Local Services, as it will be of great use not only to candidates intending to become Pleaders, but also to the Probationary Assistant Commissioners and other officers who are required to pass prescribed tests within a definite period.

2. Government are accordingly pleased to sanction the recommendation of the Board for holding the Local Service and Pleaders' Examinations twice a year, the arrangement being tried for a year in the first instance.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. The English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, I-A, II, III and V only, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. Such subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2-4-0 per annum will have Parts I, I-A, II, III and V only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. The English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, I-A, II, III and V only, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. Such subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2-4-0 per annum will have Parts I, I-A, II, III and V only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

10. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

REVENUE DEPARTMENT.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE.

Notification No. R. Dis. 48—20-21, dated Bangalore, 26—30th July 1920.

In continuation of this office notification dated 21st April 1920, the following Press Communique dated Simla, the 20th May 1920, issued by the Government of India, notifying the decisions of the London Reparation Committee on certain doubtful points arising out of the interpretation of the Reparation clauses of the Treaty of Peace in respect of which compensation can be claimed from the late Enemy Government, is published for the information of the public and the mercantile community in particular.

K. R. SRINIVASIENGAR,
Revenue Commissioner and Custodian of Enemy Property in Mysore.

Press Communique dated Simla, 20th May 1920, from R. B. Ewbank, Deputy Secretary to the Government of India, Department of Commerce.

In the Press Communique dated the 15th November 1919, it was notified that compensation could be claimed from the late Enemy Government in accordance with the Reparation clauses of the Treaty of Peace (Annex I of Section I of Part VIII) in respect of damages falling under the following categories:—

1. Damage to injured persons and to surviving dependents by personal injury to or death of civilians caused by acts of war, including bombardments or other attacks on land, on sea, or from the air, and all the direct consequences thereof, and of all operations of war by the two groups of belligerents wherever arising.

2. Damage caused by Germany or her allies to civilian victims of acts of cruelty, violence or maltreatment (including injuries to life or health as a consequence of imprisonment, deportation, internment or evacuation), of exposure at sea or of being forced to labour, wherever arising and to the surviving dependents of such victims.

3. Damage caused by Germany or her allies in their own territory or in occupied or invaded territory to civilian victims of all acts, injurious to health or capacity to work or to honour, as well as to the surviving dependents of such victims.

4. Damage caused to civilians by being forced by Germany or her allies to labour without just remuneration.

5. Damage in respect of all property wherever situated belonging to any of the allies or Associated States or their nationals, with the exception of naval and military works or materials which has been carried off, seized, injured or destroyed by the acts of Germany or her allies on land, on sea or from the air, or damage directly in consequence of hostilities or of any operations of war.

6. Damage in the form of levies, fines and other similar exactions imposed by Germany or her allies upon the civilian population.

2. The Government of India have now received the decisions of the London Reparation Committee on certain doubtful points arising out of the interpretation of the above clauses. The decisions which are of general interest are reproduced below:—

1. The damage in respect of which reparation is claimed must be assessed on a reasonable basis at whatever sum a jury would be likely to award in a civil action. It would not, for instance, include loss of wages unless incident to personal injury or imprisonment. Reasonable compensation for pain and suffering may be claimed. Claims should be checked and verified as far as possible by the local custodians of Enemy Property or other officers appointed for this purpose. Statutory declarations and particulars and proof by certificate or otherwise of personal injuries will be required in support of claims. The Government of India is held responsible for rejecting untruthful or unreasonable claims.

2. Claims on Germany are not negatived because the damage done has been covered by insurance.

3. Property in respect of which compensation for damage may be claimed means physical property, and does not include industrial property such as a copyright or a patent or rights under a contract such as a mortgage.

4. Claims may be preferred through the Government of India both by foreigners who are members of the Crew or passengers on British ships or by British nationals on foreign ships (sunk or injured by the enemy).

5. Interest from the date of the damage should not be included in claims presented to the Reparation Commission.

6. The amount of claims should be stated in rupees, at the value current at the time when the claim arose. The conversion of these claims into the exchange value current at the date of the presentment of the claim to Germany will be calculated in the United Kingdom.

7. A claim can only be made in respect of illness if directly due to operations of war.

8. Persons domiciled in a British Dominion should prefer their claims to the Government of the Dominion to which they belong.

3. "Claims should be submitted to Local Governments and Administrations as soon as possible and in no case later than the 30th June 1920."

Mysore District.—No change as far as prices are concerned.

In all the taluks of the district, with the exception of Hunsur and Heggaddevankote, rain is required, more especially in French Rocks, Nagamangala, Malvalli and Mandya.

In Hunsur and Heggaddevankote the break in the rains has been welcome.

Tumkur District.—Except Tumkur, Gubbi, Chiknayakanhalli and Koratagere the other taluks had practically very little rain while Tiptur and Turuvekere had no rain at all. Rain is urgently required in all the places. Owing to this and also to the short supply to the market on account of raiyats being engaged in agricultural work, the price of ragi has gone up to Rs. 88 to Rs. 90 per cart-load though that of paddy remains stationary. Government Depots continue only in Tumkur, Gubbi, Koratagere and Pavagada. There is little demand for Burma rice even in these places. Steps are being taken to dispose of the stocks early.

Kolar District.—Rainfall is general throughout the district but very scanty. More rain is urgently wanted for sowing operations which in many places are at a standstill.

Local rice is getting dear and is now being sold at 4 to 4¼ seers a rupee and ragi at 7 to 7¼ seers. Markets are fairly well suppied.

The sale of Burma rice is slack.

Hassan District.—There was a fairly good fall of rain during the week in the district except in the Taluks of Arsikere, Hole-Narsipur and Channarayapatna which had very little rain.

The markets were fairly well supplied with food grains. Standing crops such as paddy, ragi and sugar-cane are in a good condition. Transplanting of paddy was in progress in the Hole-Narsipur Taluk. *Mungar* crops are reported to be suffering for want of rain in the Arsikere Taluk. *Kar* paddy is being reaped in Arsikere Taluk.

Prices are still high.

Tanks have not received any appreciable supply of water.

The prospects of the season are generally good for the present. Rain is urgently wanted in the Arsikere and Channarayapatna Taluks.

Shimoga District.—Rain has continued in the malnad parts of the State where the prospects are distinctly good. In Honnali Taluk however more rain is urgently wanted particularly in the drier parts.

A slightly upward tendency was noticed in the price of rice during the week.

Kadur District.—Food stuffs were available in all the markets in sufficient quantities. But their prices continued to rule high as usual.

The total rainfall gauged at Mudgere during the month of July is 41 inches and 57 cents, which is unusually high for this month.

Chitaldrug District.—Davangere, Holalkere and Harihar had light showers during the week while there was little or nothing in the other taluks.

There has been a total failure of the mungar rains in the Taluks of Hiriyur, Challakere, Molakalmuru and a portion of Chitaldrug Taluk. Fodder also is getting scanty in these places and the prospects of the season are by no means satisfactory. The prices of food grains remain unaltered.

General (by Food Controller).—There has been very little rain this week in the maidan parts of the State and much anxiety is felt as to season prospects in parts of the Mysore, Bangalore, Kolar, Tumkur and Chitaldrug Districts.

In parts of the Tumkur District it is reported that markets were not adequately supplied and the price of ragi in Tumkur is said to have gone up to Rs. 90 per cart-load of 640 seers. The price of rice in the Shimoga District has also shown an upward tendency. The markets in the other parts of the State were fairly well supplied and the prices of food grains were almost stationary.

The demand for Burma rice in Bangalore continues as before. Elsewhere the demand had greatly slackened.

MEMORANDUM.

The important features of the estimates are explained in this memorandum.

REVISED ESTIMATE FOR 1919-20.

2. The total revenue shows an improvement over the Budget of the year of Rs. 15,36,000 which is the net result of noticeable increases and decreases. The chief improvements appear under the Principal Heads of Revenue, Surplus Revenue of the Assigned Tract, Interest and Railways. There are decreases under the items of revenue, *viz.*, Mining Revenue, Krishnarajasagara Works, Electrical Works, and Sandal Oil Factories, mostly receivable in sterling.

Revenue.—The favourable agricultural conditions of the year have enabled the collection of arrears of Land Revenue to a larger extent than was anticipated in the Budget. The revenue from Forest is Rs. 4,45,000 more than the Budget, chiefly due to better bids for Tangadi leases. Increased litigation and extension of industrial and commercial activities explain the excess of 2 lakhs under Stamps. The Surplus Revenue of the Assigned Tract has been taken at Rs. 9,83,000 against 2 lakhs assumed in the Budget. Much of the improvement under Interest represents the arrears of interest payable on working advances made to the Sandal Oil Factories. The increase under Railways is attributable to the large influx of people to the Mysore City on the occasions of the last Dasara and the Viceregal visit and also to the gain on exchange in connection with the payment of interest on the Sterling Railway Debt. Part of the decrease under Sandal Oil Factories is due to the payment of arrear interest on working advances as stated above. The balance of reduction of revenue under these factories and the decreases under Mining Revenue, Krishnarajasagara Works and Electrical Works are entirely attributable to the high rate of exchange.

Expenditure.—The total expenditure exceeds the Budget forecast by Rs. 19,43,000. The cost of grain and war allowances was proposed in the Budget to be met from the Famine Insurance Reserve. It was considered inadvisable to draw upon the reserve for this purpose and the entire charge amounting to Rs. 14,80,000 shown under 17 Miscellaneous has accordingly been proposed to be met from the current revenues. The grant included in the Budget for the Viceregal visit was only one lakh, while the actual expenditure on this account is expected to be 5 lakhs. These two items chiefly account for the increase under expenditure.

Capital outlay.—The Capital Works programme provided for in the Budget was for Rs. 90 lakhs. It is anticipated that the actual expenditure will be about Rs. 116 lakhs, the increase being mainly due to the probability of a larger amount than had been provided for in the Budget for Iron Works being spent in the current year.

BUDGET ESTIMATES FOR 1920-21.

3. The Budget for 1920-21 counts upon a total revenue of Rs. 3,15,15,000 and provides for a total expenditure of Rs. 3,24,66,000 resulting in a deficit of Rs. 9,51,000. The yield from the Income tax introduced with effect from this year is estimated at 6 lakhs and credit has been taken for it in the Budget. The high rate of exchange and the necessity to provide for expenditure on the grant of allowances to subordinate staffs for high cost of living make the position in the Budget one of deficit.

The high level of prices with the consequent larger expenditure on articles of different kinds which Government have to purchase is another factor contributing to the deficit. It has not been found possible to provide in the next year for the assignment of Rs. 10½ lakhs for the group, Local Self-Government, and for the contribution of Rs. 5 lakhs for Irrigation Capital Reserve required to be made under the Financial Settlement.

FOREIGN SCHOLARSHIPS.

I. The scholarships will be known as the Mysore Government Foreign Scholarships and will be granted from the following sources:—

1. Two known as Damodar Das Scholarships from four-fifths of the annual proceeds of the Damodar Das Charities Fund;

2. Two known as Mysore Government Scholarships from the general revenues of the State;

3. Five known as Mysore Government Loan Scholarships from loans granted from the general revenues of the State.

II. The scholarships will be given for study in the countries of Europe and America, or in Japan and other Eastern countries; in the latter case two scholarships will be awarded in lieu of every one scholarship tenable in Europe and America.

III. The scholarships will ordinarily be tenable for two years, but Government will be prepared to extend the term by one year in the case of half the number of scholarships, where such extension is necessary.

IV. (*i*) The four free-scholarships will be utilised as follows:—

(*a*) One to a candidate recommended by the Mysore University Council with a view to encourage brilliant graduates to undergo higher courses of study in Foreign Countries or to provide suitable recruits to the higher appointments in the University.

(*b*) Two will be awarded on the recommendation of Committees specially appointed from time to time and for the study of subjects which will be notified by Government.

(*c*) One will be awarded to a suitable candidate from the educationally backward classes.

(ii) The five loan scholarships will be awarded for promoting higher scientific study and research and for the encouragement of technical, industrial and commercial education and for training in European countries young men who are desirous of following industrial and commercial occupations which will conduce to the development of the country.

V. Candidates for the scholarships must not ordinarily be over 25 years of age. It will, however, be open to Government to relax the age limit in special cases, such as in the case of candidates who have specially distinguished themselves in their University career or who show very marked aptitude for the higher branches of scientific and technical study, and in the case of candidates who have been engaged in industries or commerce and who desire to pursue industrial or commercial training in foreign countries.

VI. The scholarships will be open to all natives of Mysore by birth or domicile. The selection of candidates will ordinarily be made by Government on the report of a Committee appointed to report on the merits of the candidate. (b) The candidates shall be required by the Committee to give evidence of their fitness for practical work in any manner that the Committee may think desirable and to undergo any test which the Committee shall prescribe under the general or special orders of Government. In special cases the candidate may be required to undergo a period of probation and preliminary training in India. During such period he shall receive such subsistence and tuition allowances as Government may prescribe.

IX. Candidates for scholarships in Europe and America shall be expected to acquire a working knowledge of German or French and scholars going to the far East a knowledge of Japanese, during the period of probation, if facilites for such study can be secured.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. The English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, I-A, II, III and V only, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. Such subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2-4-0 per annum will have Parts I, I-A, II, III and V only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

10. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

I. SECRETARY'S REPORT.

The Secretary reported to the Council that Messrs. K. R. Srinivasiengar and C. S. Doraswami Iyer took their seats as additional members of the Council.

II. INTERPELLATIONS.

1. MR. H. KRISHNA RAO, ASKED.—With reference to Government Notification No. 460—L. C., dated the 6th April 1920, published in Part III of the *Mysore Gazette*, dated 8th April 1920, and the speech made by the learned Chief Secretary in introducing the Bill published therewith in this Council, will Government be pleased to state:—

(1) What officers or class of officers had originally been empowered to distrain defaulters' properties under Section 160 of the Land Revenue Code of 1888?

(2) Whether any, and if so, what changes have been since made in the standing orders or rules on the subject and with what object?

(3) Whether the powers conferred by the section have at any time been exercised since it was amended in 1906, and if so what was the largest number of times it was exercised in any single year? and

(4) Whether under the corresponding section of the Bombay Code, Commissioners of Divisions or any other officers, are similarly empowered to exercise the powers under the section independently of Government?

MR. C. S. BALASUNDARAM IYER, B.A., REPLIED.—(1) Officials not below the rank of Shekdars, were empowered to distrain properties under Section 160 of the Land Revenue Code of 1888.

(2) No change has been made.

(3) Information is not available at present. The same has been called for.

(4) Under Section 154 of the Bombay Code distraints can be made by such officers or classes of officers as the Commissioners, under the orders of Government, may direct.

2. MR. H. KRISHNA RAO ASKED.—Will Government be pleased to state:—

(*a*) The mortality in the taluks of Narasimharajapura, Koppa and Sringeri during the months of January, February and March 1920 by influenza, small-pox and by plague and the corresponding figures during the three previous years?

(*b*) Was vaccination reported to be successful in these areas?

(*c*) Was any report submitted to the District Medical Officer by any of the Medical Officers in charge of the hospitals and if so what traction was taken thereon?

(*d*) Were these places visited by any of the medical or sanitary officers of the district or by any of the central authorities from Bangalore and if so were the outlying villages visited?

MR. MIR HAMZA HUSEIN, B.A., B.L., REPLIED.—(*a*) The statistics are given in Appendix A.

(*b*) Yes.

(*c*) The question is not clear.

(*d*) As will be seen from Appendix A the outbreak of the diseases referred to was not so severe as to call for any special measures.

3. MR. M. RAMACHANDRA RAO, B.A., B.L., ASKED.—Will the Government be pleased to state in what towns people have contributed or offered to contribute moneys towards the cost of introducing water-supply, the extent of such contributions or offers and how the water-supply schemes for such places have been dealt with?

MR. A. R. BANERJI, M.A., I.C.S., C.I.E., REPLIED.—Certain people in Dodballapur town have contributed Rs. 18,000 for a water-supply scheme, which is still under investigation as several alternatives proposed have not proved feasible.

4. MR. M. RAMACHANDRA RAO, B.A., B.L., ASKED.—Will the Government be pleased to state whether it is in the contemplation of Government to appoint a Salaries Committee similar to Committees appointed in British India for investigating the extent of the economic stress on the Non-Gazetted and Subordinate Government services and for suggesting the extent of relief necessary to be given to

them, or if they do not contemplate such appointment, what steps they intend to take for giving the required relief?

MR. C. S. BALASUNDARAM IYER, B.A., REPLIED.—The question of giving relief to the subordinate services is engaging the active consideration of Government and has been referred to the Finance Committee for detailed opinion.

5. MR. M. RAMACHANDRA RAO, B.A., B.L., ASKED.—Will the Government be pleased to state whether they are aware of the insufficiency of train service on the newly opened State Railway lines and the demand there is for increased service and whether any arrangement is under contemplation to meet the demand in the near future?

MR. A. R. BANERJI, M.A., I.C.S., C.I.E., REPLIED.—Government are aware of the insufficiency of the present train service on the Mysore Railways and the demand for increased service. Steps are being taken to increase the rolling stock and improve the train service.

6. MR. H. VENKATARAMAIYA, B.A., B.L., ASKED.—Will the Government be pleased to state:—

(*a*) What action has been taken in the matter of water-supply to the town of Tumkur from Mydala Tank?

(*b*) If it will be pleased to take the work on hand immediately and order for pipes, as the rate of exchange is now very favourable and the Municipality is able and willing to pay its quota of expenditure?

MR. A. R. BANERJI, M.A., I.C.S., C.I.E., REPLIED.—(*a*) and (*b*) Administrative sanction has been given to a rough project amounting to Rs. 2,68,000. The detailed estimate since received is under scrutiny, and the work will be taken in hand as soon as the estimate is sanctioned.

7. RAO SAHIB H. CHENNIAH, ASKED.—Will the Government be pleased to place on the table a statement showing the number of applicants according to communities for Backward class scholarships and the number of students who were in receipt of such scholarships during the years 1918-19 and 1919-20?

MR. A. R. BANERJI, M.A., I.C.S., C.I.E., REPLIED.—The required information has been called for and will be placed on the table after it is received.

8. RAO SAHIB H. CHENNIAH, ASKED.—Will the Government be pleased to state:—

(1) the number of new schools and hospitals opened and the number of midwives employed in the Malnad Districts in each year since the introduction of the Malnad Improvement Scheme, and (2) the expenditure incurred annually on that scheme since its inception?

MR. MIR HAMZA HUSEIN, B.A., B.L., REPLIED.—(1) A statement is placed on the table. (Appendix B).

(2) *Vide* Statement (Appendix C) herewith appended.

9. MR. H. G. BASAVAPPA, ASKED.—Will the Government be pleased to state the various ways in which retrenchment has been effected since the establishment of the Retrenchment Committee?

MR. M. N. KRISHNA RAO, B.A., REPLIED.—There is now no Committee called the Retrenchment Committee. It is one of the functions of the newly constituted Finance Committee to suggest possibilities of reduction of expenditure and so far, no recommendations for retrenchment have been made by the Committee.

10. MR. H. G. BASAVAPPA, ASKED.—Will the Government be pleased to state how many boys have been dealt with under the Juvenile Smoking Act since its introduction into the State and whether the Government are satisfied that the Act is properly applied by the authorities to the culprits?

MR. MIR HAMZA HUSEIN, B.A., B.L., REPLIED.—A statement giving the required information is placed on the table. (Appendix D).

The answer to the latter part of the question is in the affirmative.

11. MR. B. ABDUR RAHMON, B.A., ASKED.—(*a*) Will the Government be pleased to state the number and value of scholarships that were given to Muslim students in the State during the last four years, in different classes—Primary, Secondary, High School and Collegiate?

(b) Have they suffered by being classed among the Backward class communities? If so, what is the difference in the number of scholarships then and after?

(c) As the number of scholarships has diminished will the Government be good enough to institute a separate class of scholarships tenable purely to Muslim students as was the practice before, so that a large number of poor Muslim students may be benefited thereby?

MR. A. R. BANERJI, M.A., I.C.S., C.I.E., REPLIED.—(a) A statement giving the information for a period of three years for which figures are available is laid on the table. (Appendix E).

(b) and (c). The Mahomedan community have been benefited considerably both in the number and the total value of scholarships by inclusion in the Backward class scholarship scheme, the number being 261 as against 44 and the value Rs. 1,200 as against Rs. 205.

There is therefore no necessity to institute separate scholarships for Mahomedans.

12. MR. B. V. RAMASWAMI CHETTY, B.A., ASKED.—Are Government aware of the fact that village roads are greatly neglected and are in a deplorable condition? Will Government be pleased to make enquiries about this matter and order that prompt measures be adopted to improve these roads?

MR. P. RAGHAVENDRA RAO, B.A., B.L., REPLIED.—Though the improvement of village roads is one of the chief items of work of the Village Improvement Scheme, yet Government are aware that sufficient attention is not being paid to these roads. Enquiries will be made and necessary action taken in this matter.

13. MR. B. V. RAMASWAMY CHETTY, B.A., ASKED.—Has the attention of Government been drawn to the fact that the courts of the First and Second Special Magistrates, Bangalore, are, from the beginning, located in incommodious and ill-ventilated buildings and will Government be pleased to order as early as possible the shifting of these courts to more suitable buildings?

MR. MIR HAMZA HUSEIN, B.A., B.L., REPLIED.—The First Class Magistrate's Court is held in the old Palace, Fort, and the Second Class Magistrate's Court in the Taluk Office. The question of providing them with better accommodation will be considered when funds permit.

14. MR. B. V. RAMASWAMY CHETTY, B.A., ASKED.—(a) Have Government considered the question as to why the Light Railways in the State are not paying and are not even self-supporting unlike Light Railways in other parts of India?

(b) Is not this state of things due to the abnormally large expenditure that is incurred in working these Railways?

(c) And will Government be pleased to scrutinise this matter and devise means to reduce the expenditure?

MR. A. R. BANERJI, M.A., I.C.S., C.I.E., REPLIED.—(a) Yes.

(b) and (c). No. The chief reason for the low earnings of these lines is that they are not adequately equipped with engines and rolling stock owing to war conditions. Government are taking steps to provide the necessary additional supply as early as possible.

15. MR. N. S. NANJUNDIAH, ASKED.—With reference to the answer given to my interpellation No. 13 at the last meeting of this Council, will the Government be pleased to state:—

(a) Whether any and, if so, what progress has been made since the date of the last meeting of this Council in the matter of providing separate accommodation for the District Police Office in Hassan?

(b) Is it likely that such accommodation will be provided before the end of this official year 1919-20 or the calendar year 1920?

(c) Pending the construction, if any, of a separate building for the purpose, whether any steps will be taken to shift the office to any other Government building or any private building taken for rent?

or (d) Would any other satisfactory arrangement be immediately made to locate the said office elsewhere?

MR. MIR HAMZA HUSEIN, B.A., B.L., REPLIED.—(a), (b), (c) and (d). An estimate for a combined office for the Police and other departments has since been

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. 2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

In exercise of the powers conferred on him under Section 2 of the Passport Ordinance, 1920, the Governor in Council is pleased to make the following Regulations and to rescind the General Passport Regulations published as Notification No. 167 in the Gazette of the 30th January 1920.

1. No person coming from any place outside the Malay Peninsula shall enter the Colony unless he produces a valid passport or a certificate of nationality which has been issued or renewed to him not more than two years before his arrival in the Colony by or on behalf of the Government of the country of which he is a subject or a citizen, and which, in the case of a foreigner arriving from a foreign country, has been issued or vised by a British Consular officer in that country, and in the case of a foreigner arriving from any part of the Dominions, Colonies, Protectorates or Protected States has been issued or vised by some public official thereof duly authorised in that behalf. Such vise will unless otherwise stated be valid for any number of journeys taken within twelve months of the date thereof and will not be required in the case of persons in transit who desire to land temporarily only while their vessel is in port. This clause does not apply to British seaman employed in British ships.

2. Every such passport and certificate of nationality as aforesaid shall state the name and nationality of the person to whom it relates and shall contain a description of the said person and his photograph so affixed as to obviate the possibility of its removal and the substitution of another, and every certificate of nationality shall in addition state the destination of the person, the approximate date of departure, and the port of departure and the name of the vessel in the case of persons travelling by sea.

3. Foreigners arriving from Rhio and its dependencies whose passports do not bear a British vise will be permitted to land at Singapore upon such conditions as the Chief Police Officer may consider desirable.

4. Any person who enters or attempts to enter or is reasonably suspected of having entered or being about to enter the Colony in contravention of these regulations may be taken into custody by any Port Officer or Police Officer and may in the case of a person entering by sea be forcibly returned to the vessel from which he landed or may be forcibly prevented from landing.

5. Any person who enters or attempts to enter the Colony in contravention of these Regulations, and any person having so entered who resists arrest or who refuses to return to the vessel from which he landed when ordered so to do by any Port Officer or Police Officer, and any person who aids or abets any such person in any contravention of these regulations or who knowingly harbours any such person whom he knows or has reasonable grounds for supposing to have acted in contravention of these regulations, shall be guilty of an offence against these regulations.

6. When an alien seamen is under the provisions of these regulations prohibited from landing at any port, the Master Attendant or Harbour Master may, after consultation with the Chief Police Officer, grant him temporary permission to land upon such conditions as he may consider desirable.

7. Any person who—

(*a*) forges, alters, or tampers with any passport or certificate of nationality, whether issued in the Colony or elsewhere, or any vise or endorsement thereon, or without lawful authority uses or has in his possession any such forged, altered or irregular passport or certificate or any pass port or certificate with any such forged, altered or irregular vise or endorsement; or

(*b*) personates or falsely represents himself to be or not to be a person to whom a passport or certificate of nationality whether issued in the Colony or elsewhere, has been duly issued or, with intent to obtain a passport or certificate of nationality or any vise or endorsement thereon, knowingly makes any false statement; or

(*c*) allows any other person to have possession of any passport or certificate of nationality issued for his use alone, or without lawful authority has in his possession any passport or certificate of nationality issued for the use of some person other than himself, shall be guilty of an offence against these Regulations.

8. Any person guilty of an offence against these regulations shall be liable on conviction before a Police Court to imprisonment of either description for a term which may extend to six months or to a fine not exceeding eight hundred and fifty dollars or to both imprisonment and fine.

9. These Regulations shall not apply to any person whose age does not exceed or appear to exceed fifteen years or to any *bona fide* Chinese or Netherlands Indian labourer, and shall in no way affect the Regulations published as Notification No. 440 in Gazette of the 12th March 1920, nor shall anything in these Regulations be construed in diminution of any powers conferred by the Passengers Restriction Ordinance, 1919.

PART II.

OFFICIAL PAPERS.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Food Situation for the week ending 7th August 1920.

Brief abstract of the special reports regarding the food situation for the week ending 7th August 1920.

Bangalore City.—During the week under report, 69 carts of ragi and 5 carts of paddy came into the bazaar as against 81 carts of ragi and 10 carts of paddy in the previous week.

The price of ragi ranged from Rs. 86 to Rs. 92 per cart during the week against Rs. 84 to Rs. 89 per cart in the previous week.

There is sufficient stock of rice and ragi in the bazaar for consumers.

The four Test Depots are selling Rangoon rice to the poor. The importers are also selling rice to the public at their depots.

Mysore City.—No change.

Bangalore District.—For want of rain sowing operations are reported to be retarded in parts of Hoskote, Dodballapur, Nelamangala, Magadi, Anekal and Devanhalli. But the general situation has somewhat improved over that of the previous week.

Standing crops are reported to be in a fair condition, but require more rain. Ragi, paddy and sugar-cane are reported to be withering in parts of Anekal, Hoskote and Devanhalli for want of rain.

Markets are fairly well supplied. The prices of ragi and rice continue high.

Burma rice is available in Government Depots and Co-operative Societies at 4½ seers a rupee.

Mysore District.—No change. Markets are well supplied, but prices remain the same.

There were some showers during the week.

Tumkur District.—Practically there has been no rain anywhere in the district during the week. The price of ragi is Rs. 92 a cart-load. Rice, 2nd sort, sells at 4½ seers a rupee. In the Government Rice Depots at Tumkur, Gubbi, Koratagere and Pavagada, Burma rice is being sold, but there is not much demand for it.

Kolar District.—A heavy shower of rain is urgently required throughout the district.

The standing crops, *viz.*, sugar-cane and chillies, are reported to be in good condition.

The Markets are moderately well supplied, but the prices are showing a tendency to rise.

Burma rice is available for sale to the public in all the Taluk Depots, excepting those of Bowringpet and Chikballapur, where the stocks are just exhausted.

Hassan District.—There was a fairly good fall of rain in the Manjarabad and Belur Taluks in the district.

The markets were fairly well supplied with food grains. Standing crops such as *kar* paddy, paddy, ragi and sugar-cane are in a good condition. Transplanting of paddy was in progress in the Hole-Narsipur Taluk. *Kar* paddy is being reaped in parts of the Arsikere Taluk.

Prices of food grains still continue to be high.

The prospects of the season are generally good for the present. More rain is wanted in the Arsikere and Channarayapatna Taluks.

Shimoga District.—No change.

Kadur District.—Necessary food stuffs were available in all the markets in sufficient quantities. But their prices continued to be high as usual.

Rainfall is reported not to be sufficient in the Tarikere Taluk, and in the maidan parts of the Chikmagalur Taluk.

Chitaldrug District.—There was no rain during the week. The prospects of the season are by no means bright owing to the scarcity of fodder due to the withholding of rains. The prices of food grains however remain the same.

General (by Food Controller).—Owing to insufficiency of rain the outlook continues to be not very bright in the maidan districts especially the Chitaldrug District.

The markets are reported to be generally well supplied. There has been no marked change in prices anywhere. In Bangalore City and Tumkur, the price of ragi has gone up by a couple of rupees per cart-load.

The whole of the Burma rice of July allotment has come in. Burma prices have been steadily going up. The sale price of Burma rice in the Bangalore City has had to be raised to 4½ seers a rupee. Issues to Co-operative Societies and to the general public from the Provincial Grain Depot are being continued.

Transfer of Civil Veterinary Department to the Agricultural Department.

READ—

Government Order No. R. 9494-6,—Agri 38-05-20, dated 24th April 1907, sanctioning a scheme for the organisation of a Civil Veterinary Department in Mysore, under the control of the Revenue Commissioner in Mysore.

2. Correspondence ending with letter C. 2806, dated the 2nd February 1920, from the Revenue Commissioner in Mysore, reporting that the Department has not developed and progressed as well as could have been expected and submitting certain proposals for the improvement of both supervision and propogandistic work of the Department.

ORDER NO. R. 2044-55—R. M. 11-19-17, DATED 12TH AUGUST 1920.

In connection with the proposals received from the Revenue Commissioner, and in view of the recent appointment of a Live Stock Expert in the State, Government have considered the question of transferring the control of the Civil Veterinary Department, from the Revenue Commissioner to the Director of Agriculture in Mysore. The views of both these officers on the subject have also been obtained. The Director of Agriculture considers that the transfer of the Civil Veterinary Department to the Agriculture Department and the vesting of its technical control with the Live Stock Expert, would add to the efficiency of the Veterinary Department, and the Revenue Commissioner has no objection to the change being tried.

2. Government concur in the view of the Director of Agriculture and are pleased to direct the transfer of the control of the Civil Veterinary Department from the Revenue Commissioner to the Director of Agriculture in Mysore. The necessary rules for the departmental procedure should be formulated by the Director and submitted for the orders of Government.

In the case of an Officer of Government claiming exemption in respect of any amount paid by him to an Insurance Company or Provident Fund (not managed by Government) he should either :—

(1) attach to his salary bill the original receipt granted by the Company or the Provident Fund together with a copy thereof for the amount paid by him ; or

(2) a duplicate receipt given by the Insurance Company or Provident Fund, or

(3) a certificate of payment given by the Insurance Company or Provident Fund.

In the case of (1) the officer paying the salary, pension or annuity will compare the original receipt with the copy and return the original and attach the copy to the bill, after duly attesting it with his initials. Both the receipts, original and the copy, will be endorsed as under:—

Admitted Rs..... for abatement of Income-Tax in the Salary Bill for..... 19.....
Signature and designation of the paying officer.

In the case of (2) and (3) the receipt or certificate which should accompany the bill in respect of deductions made therein, will be returned by this office as soon as the fact of payment is admitted in due course of audit.

When the Collector of Income-Tax is satisfied that none of the above prescribed documents can be produced without an amount of delay, expense or inconvenience which under the circumstances of the case would be unreasonable, he may accept such other proof of payment of the premium as he may deem sufficient.

No delay should occur in receiving and adjudicating claims to such remissions so that the payment of bills may not be postponed on that account.
